Week At A Glance

April 8, 2024

WEEKLY NEWS AND REMINDERS

Don' Forget! This Monday April 8th Is a PD Day!

Graduation and Kindergarten Grad picture retakes are this Tuesday, April 9th.

Thinking about volunteering? Do you like to help out at school? Help with lunch days, assist in our snack program, read with students, attend field trips and special events? Please register at: [Parent Portal - Simcoe County District School Board](#). You will be required to complete a CRC/VSC (record check). Please return your completed CRC/VSS to the school to complete the process. If you have questions, please call the office to find out more. To all our current volunteers - Thank you for all you do, we couldn't do it without you!

Fundraisers - Proceeds from this fundraiser will be used to subsidize and support Field Trips at Angus Morrison. Thank you for your support.

Purchase from Mabel's Labels and Bradford Greenhouse and 20% of your purchase is donated to Angus Morrison, it's easy - Just tell them you are from AMES!

Bus Safety Week - On Thursday, April 11, 2024 all the bus drivers from Landmark Bus Lines will do an evacuation in the morning when they arrive at school. It will be just like previous years and will only take a couple minutes as the children unload.

SOLAR ECLIPSE

April 8, 2024

ECLIPSE BEGINS

PARTIAL ECLIPSE MAXIMUM

MOST LOCATIONS ACROSS CANADA WILL SEE A PARTIAL ECLIPSE AT THE MAXIMUM. A SMALL SLIVER OF THE SUN WILL ALWAYS REMAIN.

TOTAL ECLIPSE MAXIMUM

ALONG THE PATH OF TOTALITY, AT THE ECLIPSE MAXIMUM, THE MOON COMPLETELY BLOCKS OUT THE SUN. JUST THE SUN'S CORONA IS VISIBLE.

ECLIPSE ENDS

1 WHAT'S HAPPENING?

This eclipse is a total eclipse. At its maximum, the Moon completely blocks out the Sun. This only happens in the path of the Moon's shadow, called the **path of totality**. Everywhere except this path will see a partial eclipse (like in Simcoe County) in which a sliver of the Sun will remain visible.

2 WHEN WILL IT HAPPEN?

From beginning to end, the eclipse will be visible for about 2.5 hours. At eclipse maximum, the sky will darken. In Simcoe County, only a sliver of the Sun will remain. This will only last for a few minutes!

3 HOW RARE IS THIS EVENT?

Very! The next total eclipse will occur in 2044 - but you will need to travel to the arctic or western Canada to see it. The next total eclipse traveling through Ontario will be in 2106. That's 72 years from now! How old will your students be when that happens?

TIMEFRAME FOR BARRIE

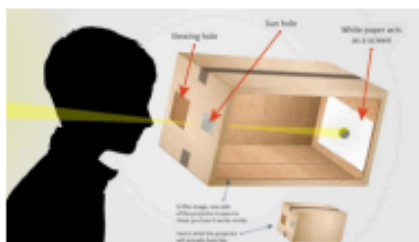

Partial Eclipse Begins	2:05pm
Maximum Eclipse	3:19pm
Partial Eclipse Ends	4:31pm

4 SAFETY & EYE PROTECTION

Never look at the sun with the unaided eye, including during an eclipse! Light from the Sun will injure your eyes and could damage your eyesight forever. Not even sunglasses are sufficient in protecting your eyes.

5 EDUCATIONAL RESOURCES

Resources to help you educate students can be found on the SCDSB StaffWeb. Go to the Teaching and Learning Page, then select Elementary or Secondary Science under 'Resources'.

Make a solar eclipse projector with your class for indirect viewing!
