Bell Let's Talk Day Thursday, January 25th We are joining in and committing to take meaningful action to create positive change. Since 2011, Canadians and people around the globe have joined in the world's largest conversation around mental health on Bell Let's Talk Day. Together we have taken big steps to reduce the stigma around mental health issues, inspire one another to take action, and help create a Canada where everyone can access the mental health support they need. But it is clear more needs to be done. Let's change this. Take action on Bell Let's Talk Day and all year long! Share your actions using #BellLetsTalk and help inspire others to join the movement to create positive change. We are proud to come together, take action, and help create change for mental health in Canada so that Canadians can access the mental health and addiction support they need to flourish. Please join us this Bell Let's Talk Day by showing your support for all those who live with mental illness and those taking action to help them.
